

## **Agricultural Pesticide Plastic Program in 2006**

### **The Energy & Pollution Prevention Bureau**

### **Montana DEQ**

The Energy & Pollution Prevention Bureau started an Agricultural Pesticide Plastic Program in 2006 and has collected over 30 tons of plastic to date.

EPP worked with MDOT to collect and recycle over 5,000 lbs of construction barrels and candlesticks.

Collected over 6,960 lbs of PVC pipe from the Missoula Federal building remodel.
